MAIN SOURCES OF OUR INCOME

Day Trading

IT'S CLASSIC TRADING. TRADERS OPEN AND CLOSE TRANSACTIONS WITHIN ONE DAY. FOR EXAMPLE THEY BUY ONE CURRENCY AND SELL IT AFTER A FEW HOURS WHEN IT'S PRICE IS HIGHER.

MAIN SOURCES OF OUR INCOME

Scalping Trading

Represents the shortest-term trading style even shorter than day trading.

Traders quickly enter and exit the market in order to skim many small profits off of a large number of trades throughout the trading day.

MAIN SOURCES OF OUR INCOME

Position trading

A position trader buys an investment for the long term in the expectation that it will appreciate in value. This type of trader is less concerned with short-term fluctuations in price and the news of the day unless they alter the trader's long term view of the position.

MAIN SOURCES OF OUR INCOME

Swing trading

Swing traders aim to make a lot of small wins that add up to significant returns. For example, other **traders** may wait five months to earn a 25% profit, while **swing traders** may earn 5% gains weekly and exceed the other trader's gains in the long run.

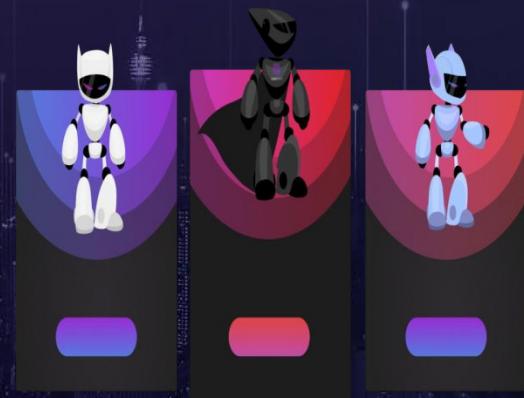

Most **swing traders** use daily charts.

MAIN SOURCES OF OUR INCOME

Trading Robots

A forex **trading robot** is a computer program based on a set of forex **trading signals** that helps determine whether to buy or sell a currency pair at a given point in time. Forex **robots** are designed to remove the psychological element of **trading**, which can be detrimental.

MAIN SOURCES OF OUR INCOME

Crypto Trading

Crypto trading is the act of speculating on **crypto** price movements via a CFD **trading** account, or buying and **selling** the underlying coins via an **exchange**.

MAIN SOURCES OF OUR INCOME

Shipping Business

We Operate our shipping business for 14 years and we are proud to serve our customers with a global network of offices and distribution facilities in both the US and Worldwide.

We offer full container ocean shipping on as many as 10-12 different “direct” carrier contracts. We offers weekly consolidation services to/from over 50 plus countries that we service.
